Implementation of *preLAS* Online Made Easy!

preLAS Online includes all forms of *preLAS* (English C, D, and Español C). Once purchased, LEAs will see *preLAS* Online in their dropdown menu in the DRC INSIGHT Portal.

Launched through the DRC INSIGHT Portal, LEAs will be able to register students, add users, create test sessions, and access on-demand reports for *preLAS* in the same way as LAS Links Online.

ADMINISTERING preLAS ONLINE

To test a student, the Test Administrator will click on the DRC INSIGHT application icon on the testing device, enter in the username and password from the test ticket, and interview the child (**due to age, the child does not take the test online**).

- Test Administrators will need a cue picture book to prompt the student. Cue picture books can be purchased à la carte, as needed.

We're going to play a game called Simon Says. Simon is someone who tells us what to do. You do exactly what Simon Says.

Practice 1: Simon says look up.

☐ Correct Response ☐ Incorrect Response ☐ No Response

- As the student provides answers/responses, instead of the Test Administrator bubbling these on the student answer document, the Test Administrator will click on the answer choices of Correct/Incorrect/No Response for parts 1–4 of the Oral Assessment and items 1–25 of the Pre-Literacy Assessment (if utilized).

Story #1

Please record the student's oral response in the space below.

- Part 5 of the Oral Assessment called Let's Tell Stories, which are items that are holistically scored, Test Administrators will listen to the student and click the appropriate score based on the rubric.

- A text box will be provided allowing Test Administrators to type in the student response (a requirement in Texas).

- Once the test is complete and submitted by the Test Administrator, a Student Proficiency Report will be available within 30–60 minutes.

- A student data file which allows you to upload student test data into your local data management system is available for purchase. The student data file is posted nightly to your INSIGHT portal account for the entire subscription year.

The report includes sections for Student Oral Language Proficiency Level and Student Pre-Literacy Proficiency Level, each with a table of scores and descriptions. It also includes a section for Test Complete Date and Time.
